Hearts the Truest

By Dan Bowden '76, Alumni Association President

Dreams of what can help give us the power to advance toward a greater and brighter future.

From the time the Chi Phi house was built at the corner of 17th Street and Jordan Avenue extended, we have dreamed of creating a bigger and grander addition to the existing structure. Ben Schmidt '01, Ryan Kanzleiter '03 and Jeremiah White '03 have taken this dream to heart and made an outstanding presentation to those alumni in attendance at Homecoming on October 21! They have been meeting with architects who have drawn initial renderings and created a three-dimensional model which they shared with us at an informal meeting. Our initial estimate is that the cost of adding approximately 7,500 square feet plus connecting to and renovating the existing space will cost between \$700,000 to \$900,000.

I understand that there have been false starts in the past, but there are several differences today that make this dream appear more possible than ever!

1) Strength of Chapter

Our undergraduate chapter is as strong as it has ever been in both quality and numbers of brothers. There are currently 50 brothers living in the house, approximately 30 undergraduates living elsewhere on campus, nine pledges in the fall class, and four more committed for the spring.

2) Positive Cash Flow

Our total operation has been showing positive cash flow for the last few years rather than struggling to break even as we have for most of our history.

3) Participation and Enthusiasm of Undergrads

The current interest and enthusiasm for pursuing this idea has come from the undergraduates rather being thrust upon them by the alumni.

4) Good Resources to Tap

We now have over 900 living alumni, and we are in a greater position collectively to share our resources of knowledge, experience and financial wealth than ever before.

Much has been done, but there is much more to do. We are moving into a phase wherein we will have a series of meetings with the architects involving a small group of alumni and undergraduates to fine-tune these plans and develop more specific cost estimates. So far our costs have been nominal, but this phase will require investing a few thousand dollars. We will keep you advised of our progress and invite your input and support.

Let's band together to make the dream a reality!

This view of the property expansion three-dimensional model shows how the house would look from the north side.

The more people who are active, the more fun we all have and the more effective we are! Contact Dan Bowden '76 (317-590-0424; dbowden@talktotucker.com) for details on how you can become more involved.

Homecoming

Who would have thought it could happen? After an embarrassing loss to Michigan the week before, the Hoosiers made the great turnaround at Homecoming on October 21! They defeated Big Ten co-leader Minnesota, 51-43! Antwaan Randle El was spectacular to watch setting a school record by personally rushing and passing for 473 yards of total offense. Dozens of Chi Phis were there from several states and every decade of our existence at IU, and Don Meyer '60 did a great job of organizing activities.

Make plans now to join us at Little 500 on April 21, 2001, and at some of our other alumni events!

Indianachiphi.org

Corey Gers '99 has developed an alumni web site that will be up and running in the near future, and Pete Gruber '80 has secured the domain name, indianachiphi.org. The site will include such sections as alumni contact information (only for those who wish to be included), a photo gallery, job postings, an events calendar and more! We plan to do a special mailing when the site is operating, but in the meantime, feel free to keep checking. It is just a matter of coordinating the final details before we are live on the Internet!

Undergrads Seek to Improve Communication

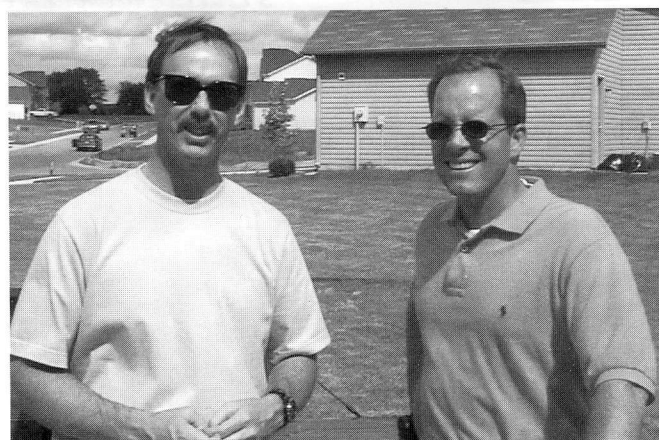

By Jesse Marzouk '01

As Alumni Chair for the chapter, it has come to my attention in recent years that communication between the undergraduate chapter and the alumni has some room for improvement. In my opinion, creating and building a solid relationship starts with good communication. One way to do this would simply be to keep the alumni abreast of the events and activities here at the house. With many alumni, however, this is easier said than done.

I hope to tackle the difficult objective of improving communication and increasing alumni involvement through two methods. First, we are compiling a thorough list of e-mail addresses for all alumni. Upon completion, I envision having the majority of alumni covered in this list and will use this list to communicate directly and more often with the alumni. I plan to send out monthly e-mails with articles from undergraduate students describing the happenings inside and outside of the house.

The second method, suggested by George Hall '66, is to have a representative from every graduation year stir interest and further keep the alumni involved. Each representative would be in charge of notifying members of the same graduation year about alumni and chapter events. Brother Hall is working on getting representatives from graduation years up through 1965. I am in charge of finding individuals to fill the positions from 1966-2000. This process may take some time to get rolling, but once it is in place, I think all of us will benefit greatly from it.

What does this all mean for you? First, in order to compile a better alumni database, please send me your name, address, phone number, and email address preferably through e-mail (my contact information is below). Second, if holding a representative position sounds appealing to you, please either call or e-mail me to further discuss the possibilities and responsibilities. I look forward to hearing from many of you in the near future. My contact information is: **Jesse Marzouk '01, 1400 North Jordan Ave., Bloomington, IN 47406; 812-330-8216; jmarzouk@indiana.edu.**

The cool guys behind the shades are Kelly Gelarden '82 and Chris Perkins '90.

Chapter Update

By Ben Schmidt '01, Chapter President

Greetings brothers! As Dan Bowden talked about in his column on page 1, the Iota Delta chapter house extension is farther along to becoming a reality than ever before! From the moment we undergraduates were initiated, we pledged to ourselves that it would be built before we graduated. And while completion will not happen right away, it is realistic to believe that it can be completed by the time this year's freshman class graduates. This can only happen, though, if you help! Join us at Little 500 to see formal plans, and to find out how you can make this a reality.

I will back up Dan's claim that the undergraduate chapter right now is very strong. By the end of the first semester, we will be off restrictions stemming from last year's Little 500, and already things look good for next semester. We are paired with Alpha Gamma Delta for the 2001 IU Sing Production, and we are excited to get working on that. Even with social restrictions for us for rush this year, we pulled in a fall pledge class of nine very tight and very strong pledges, with four more already committed for the spring.

In intramurals, we are beginning play in the Crimson division this year. While competition has definitely been tougher against the bigger houses on campus, we are continuing to show

what Chi Phi is all about in athletics. On the philanthropy side of things, planning has already begun for the 2001 IU/Chi Phi Bowl-For-Kids-Sake benefiting the Big Brothers/Big Sisters of Monroe County. Last year, in our first year as a sponsor of the event, we actively recruited and managed Greek participation in the event, raising over \$22,000 for Big Brothers/Big Sisters! Chi Phi brothers worked both nights of the event which was the largest Greek philanthropy on campus.

In other news, we have a new house director this year. Jerry Curry '60 took over at the position at the beginning of the year, but after accepting employment in Indianapolis for Clarian Health as a full-time chaplain, he was unable to continue the role. To fill the void, Don Meyer '61 has taken over the position. We are all very excited to begin working with him.

While this year's Little 500 may not have the glitz and glamour of last year's 50th running, it will be an event for which we want to see each of you back to Bloomington. This year's team has been training since this summer, and is the odds-on favorite to win going into the race this year. Three of four riders are back from last year, so hopes are sky-high! Please come be part of what should be a victory celebration!

As the holiday season approaches, the Indiana Chi Phi Alumni Association and undergraduates wish you and your family all the best for the rest of the year and in 2001!

Recognition for Our Outstanding Undergraduates!

Dave Estes '69 and Don Meyer '60 attended the annual Greek Awards Banquet that took place November 8, 2000, in Assembly Hall. Both were very proud when the night was over.

The Chi Phis stood tall by receiving awards for:

- Outstanding Philanthropy Project
- Merit Scholarship — Ben Pinsky '01
- Chapter President of the Year — Ben Schmidt '01
- Greek Man of the Year — Kevin Gfell '01

It was a great evening for the men of Chi Phi!

Parents Club Alive and Well

Chi Phi parents held a work weekend in July helping the chapter to sparkle a little brighter via painting, cleaning and general sprucing up. They also contributed a tidy sum of money that the undergrads plan to use for an as yet unspecified beautification project. Way to go, moms and dads! The alumni thank and salute you.

Say Cheese!
