Hi, Jim -

Chuck was another sad and unexpected death ... Time may be catching up for our generation, although my health seems to be OK for now.

Sorry that I could not attend Chuck's funeral, but I did send flowers and a card on behalf of Iota Delta of Chi Phi.

Fraternally,  
Joe

Dear Gary (Smitty),

Sorry to learn that Brother Chuck Sprague has passed away. I looked at his obituary on [www.southbendtribune.com](http://www.southbendtribune.com), but it was essentially the same information you have provided.

I pledged Chuck, David Nelson, and James Myers together, all good friends from Mishawaka High School. In 1970, I visited Dave, Joan, and their two young sons in San Francisco, while I was on vacation. We had such a good time that they came up to Portland, Oregon the following week and stayed awhile at my relatives home. Dave was an MD in Oakland, CA. He has passed away, but I do not know the details.

I had stayed in closer contact with Chuck, off and on, until about 1998. He was on my address list for receiving recent emails. Now, James is the survivor, living in retirement at Jomtien Beach, Thailand, last sending me an email with photos on 10/25/2008.

I'll send a card to Connie, Jennifer, and Susan at 909 Wheatly Drive, South Bend, IN 46614.

Joe
